

December 8, 2017

To whom it may concern,

The Panhandle Trail Riders Association (PANTRA) would like to voice our support for Tracy Gravelle's (Trails Program Manager, US Forest Service, St. Joe Ranger District) 2018 grant proposal for the trail restoration of **Daugherty Hill Trail 252, Ames Ridge Trail 570, Malin Ridge Trail 197, and Heller Simmons Divide Trail 77.**

Tracy Gravelle has done, and continues to do, an outstanding job of maintaining and preserving our trails in the St. Joe Ranger District. PANTRA recognizes Tracy and these grants as a valuable resource in maintaining and preserving our trails and are happy to continue our club's support for the work that she is doing.

Sincerely,

A handwritten signature in black ink that reads "Steve Hart". The signature is fluid and cursive, with a long horizontal stroke extending from the end.

Steve Hart
President
Panhandle Trail Riders Association (PANTRA)
